### Declaration and Statement of Authorship:

1. I/we hold a copy of this Assignment/Case-Study, which can be produced if the original is lost/damaged.
2. This Assignment/Case-Study is my/our original work and no part of it has been copied from any other student's work or from any other source except where due acknowledgement is made.
3. No part of this Assignment/Case-Study has been written for me/us by any other person except where such collaboration has been authorized by the concerned teacher and is clearly acknowledged in the assignment.
4. I/we have not previously submitted or currently submitting this work for any other course/unit.
5. This work may be reproduced, communicated, compared and archived for the purpose of detecting plagiarism.
6. I/we give permission for a copy of my/our marked work to be retained by the Faculty for review and comparison, including review by external examiners.
7. I/we understand that Plagiarism is the presentation of the work, idea or creation of another person as though it is your own. It is a form of cheating and is a very serious academic offence that may lead to expulsion from the University. Plagiarized material can be drawn from, and presented in, written, graphic and visual form, including electronic data, and oral presentations. Plagiarism occurs when the origin of the material used is not appropriately cited.
8. I/we also understand that enabling plagiarism is the act of assisting or allowing another person to plagiarize or to copy my/our work.

\* Student(s) must complete all details except the faculty use part.

\*\* Please submit all assignments to your course teacher or the office of the concerned teacher.

**Background Info:**

The project will be Army Camp Scenario will be done by using open glut. As we can see the scenario, there will be the Sun. There are two camps and two towers. One tower is situated above the camp and another one beside the helicopter. There is another helicopter and an army car. A huge tank is situated just beside the yard. We will use glColor3ub function to indicate different places and objects in the scenario. Later an item can be added in the project if needed. We will try to make the project animated if it is possible. The Sketch is given below:
